

24 Port Consolidation Point Box, Black

CUFMB24BL

The PanZone® Consolidation Point Box Enclosure is designed to work with SMED NEXUS™ Under Floor Systems as a consolidation point. The enclosure is also suitable for other under floor systems with a minimum depth of 1.7 inches. The box can also be wall mounted vertically or horizontally as a consolidation point. Consolidation point boxes save time and money by reducing the amount of time required to complete moves, adds and changes. The enclosure is made of aluminum and is black.
